## DETAILED ACTION

### *Election/Restrictions*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-32 and 49-51, drawn to a method of registering an unenrolled player in a casino, classified in class 463, subclass 25.
  - II. Claims 33-48, drawn to applying credit accounts to uncarded player accounts, classified in class 463, subclass 25.
2. Because these inventions are independent or distinct for the reasons given above and there would be a serious burden on the examiner if restriction is not required because the inventions require a different field of search (see MPEP § 808.02), restriction for examination purposes as indicated is proper.

The inventions are distinct, each from the other because of the following reasons:
